

## Grand Rounds

*Fridays from 7:00 am—8:00 St. Charles Bend, Classrooms C & D*

*and broadcast live via videoconference to Madras, Prineville, Redmond, Burns, John Day & Lakeview*

### **May 4, 2018 "Promoting Best Practices with Epic: Grouped Order Sets, and Overview of Nursing Standards of Care Guidelines and the impact on Providers"**

Mary Dallas, MD, Chief Medical Information Officer Clinical Informatics, St. Charles Health System **Objectives:** 1) Introduce the concept of the OBSN and ANA guidelines for Nursing Standards of Care and articulate how the guidelines affect the daily workflow (how it relates to providers – what's different). This is now part of orders in our Epic build, and this is why. 2) What are the bells and whistles of order entry? How clinical decision support is used in order entry to improve patient safety. 3) How grouped orders in order sets helps with promoting best practices. Insulin may be used as an example by show how this order set design translates into practice for administering insulin at the bedside, and resulting outcomes with hypoglycemic events related to insulin dosing.

**May 11, 2018 "Participating in and Demonstrating Scholarly Activity for ACGME"** Michele L. McCarroll, Ph.D., CCRP, ACSM-CCEP, FAACVPR, Chief Research Officer, Professor of Clinical Medicine, College of Osteopathic Medicine, Pacific Northwest University of Health Sciences **Objectives:** 1) To review the process of conducting human subjects research. 2) To formulate a sequential process of answering a research hypothesis or quality improvement question by being exposed to both methodologies. 3) To implement proper methods of scholarly activity. 4) To apply a variety of acceptable ACGME qualifying scholarly activities 5) Increase comprehension of the focus areas of research being conducted in this area.

**May 18, 2018 "Addressing Intimate Partner Violence with Patients"** Jim Winkle, MPH **Objectives:** The educational objective to address this gap is: "Apply universal screening for IPV and appropriate interventions in order to reduce patient morbidity and mortality." 1) Utilize appropriate questions that screen for IPV. 2) Explore an increased clinical index of suspicion with patients. 3) Perform an adequate safety assessment, safety planning, and documentation. 4) Review the research on the paradoxical effect of increased intimate violence when screening programs were initiated.

### **May 25, 2018 No Grand Rounds Memorial Day Week-end**

**June 1, 2018 "Dermatology Diagnostic Dilemmas - Common and Uncommon Challenges"** Oliver J. Wisco, DO, FAAD, FACMS, Melanoma Specialist & Mohs Surgeon, Assistant Professor of Dermatology, Oregon Health and Science University **Objectives:** 1) Understand the primary morphologic descriptors in Dermatology. 2) Understand the potential use of teledermatology to care for dermatologic issues. 3) Understand the importance of the differential diagnosis of cutaneous disease. 4) Understand the initial treatment approach to common and uncommon dermatologic conditions.

**June 8, 2018 "Talia's Voice"** Dr. Jeff Goldenberg and Ms. Naomi Kirtner **Objectives:** 1) Discuss strategies to advocate for patients' care and safety. 2) List examples of communicating effectively with patients. 3) Describe the impact of ineffective communication on patient outcomes.

**June 15, 2018 "Impact of Obesity in Primary Care and What To Do About It"** Stephen Archer, MD, FACS, FASMB, Director, Bariatric Surgery, St. Charles Medical Center **Objectives:** 1) Recognize the role obesity plays in the pathogenesis and epidemiology of common problems such as diabetes, cancer, joint problems, depression, isolation and others. 2) Describe the impact of new medical treatments for treating obesity and some of their interactions and side effects. 3) Review bariatric surgery indications and results with respect to common ailments in a PCP practice. 4) Discuss prevention strategies as the ultimate answer to the obesity epidemic.

**June 22, 2018 "Intraoperative Neuromonitoring (IONM): How and Why"** Jon Tippin, MD, FAAN, FACNS; Specialty Care partners for life, Nashville TN **Objectives:** 1) Develop a basic understanding of IONM techniques and procedures. 2) Determine the predictive value of intraoperative changes in IONM data. 3) Apply this information to help determine which surgical procedures would be appropriate for monitoring.

**June 29, 2018 "Targeted Muscle Reinnervation for Upper Extremity Amputees with Myoelectric Prostheses"** Albert Chi, MD Associate Professor of Surgery, Oregon Health & Science University **Objectives:** 1) Identify patients who may benefit or be eligible for future myoelectric prosthesis use. 2) Explain the surgical approach to targeted muscle reinnervation for upper extremity amputees. 3) Describe the capabilities of the current and developing technology.

### **July 6, 2018 No Grand Rounds in observance of July 4.**

### Clinical Conferences

**ATLS (Advanced Trauma Life Support) Review** Date and location vary

**Cardiac Clinical Heart One Conference (STEMI: Hospital ED Door to Reperfusion)** 1st Tuesday of every month at 7:00 am Classroom C&D St. Charles Bend, live broadcast to Madras, Prineville, Redmond, Burns, John Day, Lakeview

**Gastrointestinal Pathology Conference (4th Tuesday of even months)** at 7:00 am location varies St. Charles Bend

**Hematology Conference** 1st Tuesday of every month at 5:30 pm location varies St. Charles Bend

**Multidisciplinary Breast Conference followed by Cancer Clinical Conference (Tumor Board)** each Wednesday at 7:00 am - 8:15 Location varies St. Charles Bend, live broadcast to Redmond, Prineville

**Neuroradiology Conference** 4th Tuesday every month at 7:00 am location varies St. Charles Bend

**Stroke Clinical Conference** Date and location vary

### Other CME

**Internet Point of Care CME** (Call CME office for detail)

**Journal Clubs (Emergency, Hospital Medicine, General Surgery)** (locations and dates vary) (Call CME office for detail)

**Point of Care Ultrasound Course** - Bend St. Charles Tuesday May 8, 2018 | 9:00am - 12:00pm **Advanced Airway Management** - Bend St. Charles Thursday June 21, 2018 | 11:45am - 2:45pm Contact Karen Kruger, Procedural Skills Program Coordinator 541-706-2605 or email: kmkruger@stcharleshealthcare.org.

Questions: CME or Clerkship Program? Call Sheila Jordan MGMT, CHCP, Manager of CME 541.706.6780 or email ssjordan@stcharleshealthcare.org
